

ANNOUNCEMENT

29 September 2025

RESULTS FOR THE FULL YEAR ENDED 30 JUNE 2025

MC Mining Limited (**MC Mining** or the **Company**) is pleased to provide its audited financial statements for the year ended 30 June 2025 (the **Period**). All figures are denominated in United States dollars unless otherwise stated and the full report is available on the Company's website, <https://www.mcmining.co.za/investors-and-media/financial-information/year-end-report-fy2025>.

Financial review

- The loss after tax for the Period increased by 147% to \$36 million or 7.06 cents per share (FY2024: loss after tax of \$14.6 million or 3.54 cents per share);
- Contributing to the loss of \$36 million were non-cash charges which increased by \$22.5 million to \$25.8 million (FY2024: \$3.3 million) which includes the following:
 - net impairment expense of \$24.3 million (FY2024: \$0.9 million)
 - depreciation and amortisation decreased by to \$1.4 million (FY2024: \$1.7 million)
 - share based payment expense decreased by 100% to \$0 million (FY2024: \$0.7 million).
- Revenue for the Period decreased by 52% to \$17.5 million (FY2024: \$36.7 million) and cost of sales decreased by 34% to \$24.1 million (FY2024: \$36.5 million) resulting in a decrease in gross profit (FY2025: \$6.6 million gross loss vs FY2024: \$0 million);
- An impairment of \$12.3 million and \$12 million was recorded on Uitkomst and GSP respectively in the current year (FY2024: \$0.9 million was recorded);
- Administrative expenses decreased by 55%, from \$15.4 million in FY2024 to \$6.9 million in the reporting period due to:
 - Employee expenses decreasing by 48% to \$3.4 million (FY2024: \$6.6 million);
 - The professional fees decreased by 38% to \$0.8 million (FY2024: \$1.3 million);
 - Overhead expenses decreased by 67% to \$2.3 million (FY2024: \$7.0 million);
- Finance costs from borrowings and finance leases increased by 7% to \$1.6 million (FY2024: \$1.5 million);
- Unrestricted cash balances at year-end of \$7.4 million (FY2024: \$0.2 million).
- Net asset value increased by 10% to \$83.2 million from \$75.4 million in the prior corresponding period;
- Headline loss per share decreased by 21% from \$0.03 in FY2024 to \$0.03 in FY2025;
- Basic and diluted loss per share increased by 99% from \$0.04 in FY2024 to \$0.07 in FY2025;
- No dividend was declared for the year ended 30 June 2025 (FY2024: nil); and

- Attention is drawn to the disclosure in the annual financial statements and below on the going concern assumptions.

Operational review

Safety

- Health and safety remains the Group's highest priority, with the ongoing goal of achieving zero harm. During FY2025, the Group recorded one fatality at the Uitkomst Colliery (FY2024: zero) following a fall-of-ground incident in July 2024. The Group also recorded two lost-time injuries (LTIs) for the year (FY2024: two LTIs).

Uitkomst Colliery

- The operational results for the Uitkomst metallurgical and thermal coal colliery (**Uitkomst** or **Uitkomst Colliery**) compared to the preceding period are detailed below:

	FY2025	FY2024	%△
Production tonnages			
Uitkomst ROM (t)	390,788	498,589	(22%)
Inventory volumes			
High quality duff and peas at site (t)	1,518	-	100%
	1,518	-	100%
Sales tonnages			
Own ROM (t)	256,882	340,203	(24%)
Middlings sales	12,995	10,474	24%
	269,877	350,677	(23%)
Financial metrics			
Net revenue/t (\$)	72	79	(9%)
Production costs/saleable tonnes (\$) ^	92	64	44%

^all costs are incurred in South African Rand

- The Uitkomst Colliery produced 390,788 tonnes (t) (FY2024: 398,589t) of run of mine (**ROM**) coal during the twelve months to 30 June 2025, 22% lower than the previous year;
- 1,518t (FY2024: nil t) of high-quality coal was stockpiled at Uitkomst at the end of June 2025;
- Uitkomst sold 269,877t of coal in FY2025 (FY2024: 350,677t) comprising 256,882t (FY2024: 340,203t) of premium duff and sized peas and 12,995t (FY2024: 10,474t) of high ash, coarse discard coal. Uitkomst generated sales revenue of \$17.5 million (FY2024: \$27.7 million) for the year;
- The Uitkomst net revenue per tonne decreased to \$72/t (FY2024: \$79/t); and

- The lower coal sales and production volumes contributed to the 44% increase in production costs per saleable tonne (FY2025: US\$92/t vs. FY2024: US\$64/t)

Makhado Project

- The Makhado Project remains MC Mining's flagship asset and is fully licensed and shovel-ready. FY2025 marked a significant milestone for the Group with the commencement of project to achieve first coal by the first quarter of 2026. Significant on-site work was undertaken and critical agreements were entered into in terms of the coal handling and processing plant (CHPP) and the contract mining agreements.

Vele Aluwani Colliery

- Activities at Vele Colliery remained minimal, with the focus on maintaining the assets in compliance with regulatory requirements and ensuring they are ready for development when market conditions improve.

Greater Soutpansberg Projects

- Exploration and development of the three Soutpansberg coalfield projects namely the Chapudi, Mopane and Generaal project areas, is planned to underpin the long-term growth of the Company;
- The South African Department of Mineral Resources & Energy has granted mining rights for the three project areas comprising the GSP, which collectively contain over 7.0 billion tonnes in situ of Inferred coal resources (GTIS);
- Exploration and development of the GSP could position the Company to being a significant steelmaking coal supplier for both the domestic and export markets; and
- Activities at GSP remained minimal, with the focus on maintaining the assets in compliance with regulatory requirements and ensuring they are ready for development when market conditions improve.

Corporate features

- Strategic Investment by Kinetic Development Group (KDG)

A significant corporate milestone during FY2025 was the strategic investment by KDG, which will result in KDG acquiring a 51% controlling interest in MC Mining once all funding tranches are completed. The First Closing was successfully completed on 30 August 2024, with KDG subscribing for a 13.04% equity interest in MC Mining for US\$12.97 million. The Second Closing, valued at approximately US\$77 million, was approved by shareholders at an extraordinary general meeting on 23 January 2025 and will be paid in nine staged instalments aligned to project milestones. The Competition Commission granted merger clearance on 13 December 2024 with certain conditions, enabling this transformative transaction.

- Settlement agreement with Industrial Development Corporation of South Africa Limited (IDC)

A settlement agreement was entered into with the IDC on the 27th of March 2025 for the settlement of the loan agreement entered into in March 2017. In FY2025, ZAR 120 million was repaid in terms of the settlement agreement.

- Interim Funding Arrangements

To support operations during the year, MC Mining entered into an US\$0.7 million unsecured loan facility with Eagle Canyon International Group Holding (Hong Kong) Limited, an entity associated with Interim CEO Christine He. This facility supplemented existing working capital lines and provided additional liquidity pending the staged KDG funding. The loan was settled in full in FY25.

- Board and Governance Changes

FY2025 saw a major refresh of the Board, aligning with the Company's new strategic direction. Appointments: Christine He assumed the role of Interim Managing Director & CEO on 1 July 2024. In August and September 2024, the Company appointed Muhui (Chris) Huang, Bill Pavlovski, and Dr Steele West as Non-Executive Directors. Further, on 15 April 2025, Lanlan (Lily) Wang and Dr Huoxin (Hevin) Wang joined the Board, both bringing strong financial and corporate governance expertise aligned with KDG's investment.

Resignations: An Chee Sin resigned as Non-Executive Director effective 15 April 2025.

- Capital Structure and Cash Position

The completion of the first KDG subscription tranche increased the Company's issued share capital by approximately 62.1 million shares. As a result, available cash and facilities peaked at US\$12.9 million at 30 September 2024, compared to just US\$0.2 million at 30 June 2024, before being drawn down for operational and project activities. This improved liquidity, together with the upcoming KDG tranches, positions MC Mining to advance its flagship Makhado Project.

Going concern

Attention is drawn to the disclosure in the annual financial statements on the going concern assumption (refer note 1), noting that there is a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and, therefore, that the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. The directors are satisfied however, at the date of signing the annual financial report, that there are reasonable grounds to believe that the Group will be able to continue to meet its debts as and when they fall due and that it is appropriate for the financial statements to be prepared on a going concern basis. The directors have based this on a number of assumptions which are set out in detail in note 1 to the annual financial report. The Directors are of the view that reaching an agreement with the IDC in terms of the repayment plan and the KDG, share subscription reduces the going-concern uncertainty. Material uncertainty will only be removed once Makhado is successfully commissioned and generating positive cashflows. In order to meet its working capital requirements, the Group is exploring and progressing several alternative strategies to raise additional funding including, but not limited to:

- finalising the remaining equity subscription by KDG as per the staged funding arrangement that was approved by shareholders on 23 January 2025 to support both the construction of the Makhado Project and ongoing working capital requirements.
- concluding the well advanced application for additional working capital facility in the first quarter of calendar year 2026 for R250 million.
- The Directors also note that the Uitkomst Colliery Turnaround Plan, announced on 15 July 2025, is expected to reduce operating costs and improve profitability through workforce optimization, improved plant efficiencies, and securing long-term offtake agreements. These operational improvements are anticipated to enhance cash generation in FY2026.

While a material uncertainty remains due to reliance on the timely receipt of future KDG tranches and execution of operational plans, the Directors believe that these measures, together with the Group's current cash reserves and available facilities, will enable the Company to meet its obligations as they fall due for at least 12 months from the date of approval of these financial statements. Accordingly, the financial statements continue to be prepared on a going concern basis.

Subsequent events

- **Uitkomst Colliery Turnaround Plan**

After year-end, MC Mining commenced implementation of a revised business plan (Turnaround Plan) at the Uitkomst Colliery. The plan focuses on improving operational efficiency through underground mining layout reconfiguration, modifications to the CHPP to enhance yields, and reducing workforce numbers from 430 to 366 employees with minimal forced retrenchments. The strategy also aims to secure longer-term coal offtake agreements to stabilise pricing and reduce earnings volatility.

- **KDG funding**

The staged Second Closing of KDG's strategic investment, totalling US\$77 million, remains in progress after yearend. Instalments will continue to be released in line with Makhado Project development milestones, ensuring that project funding is available as construction activities advance.

About MC Mining Limited:

MC Mining is an ASX/JSE-listed coal exploration, development and mining company operating in South Africa. MC Mining's key projects include the Uitkomst Colliery (metallurgical coal), Makhado Project (hard coking coal), Vele Colliery (semi-soft coking coal), and the Greater Soutpansberg Projects (coking and thermal coal).

Regulatory requirements

This short form announcement, which is the responsibility of MC Mining's directors, is only a summary of information in the full announcement and does not contain full or complete details. Any investment decisions by shareholders and/or investors should be based on consideration of the full announcement.

The full announcement can be found at this JSE CloudLink:
<https://senspdf.jse.co.za/documents/2025/jse/isse/mcze/FY25.pdf>

The full announcement is also available for viewing on the company's website at <https://www.mcmining.co.za/investors-and-media/financial-information/year-end-report-fy2025> or a copy may be requested in person, at the company's registered office or the office of the sponsor, at no charge, during office hours. Copies of the full announcement may also be requested from the Company's group investor relations at investor@mcmining.co.za.

The information in this announcement has been extracted from the audited Group financial results for the year ended 30 June 2025, but the short-form announcement itself has not been reviewed by the Company's auditors.

Forvis Mazars Assurance Pty Ltd, the group's independent auditor, has audited the consolidated annual financial statements of the group from which the abridged consolidated results contained in this report have been derived, and has expressed an unmodified audit opinion on the consolidated annual financial statements but have drawn attention to a material uncertainty around the Going Concern.

A copy of the auditor's report is available for inspection at MC Mining Limited's registered office and is included in the audited financial statements for the year ended 30 June 2025. Shareholders are therefore advised to obtain a copy of the auditor's report and key audit matters together with the accompanying financial information from MC Mining Limited's registered office.

Forward-looking statements

This Announcement, including information included or incorporated by reference in this Announcement, may contain "forward-looking statements" concerning MC Mining that are subject to risks and uncertainties. Generally, the words "will", "may", "should", "continue", "believes", "expects", "intends", "anticipates" or similar expressions identify forward-looking statements. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements. Many of these risks and uncertainties relate to factors that are beyond MC Mining's ability to control or estimate precisely, such as future market conditions, changes in regulatory environment and the behaviour of other market participants. MC Mining cannot give any assurance that such forward-looking statements will prove to have been correct. The reader is cautioned not to place undue reliance on these forward-looking statements. MC Mining assumes no obligation and does not undertake any obligation to update or revise publicly any of the forward-looking statements set out herein, whether as a result of new information, future events or otherwise, except to the extent legally required.
